# About the Company

- **SVR Auto Industries** is the company that has built its reputation on the grounds of integrity, honesty and hard work. We are a manufacturer of various types of springs that are availed by companies engaged in producing Home Appliances, Automobile, Compressor, and a lot more. We marvel at our work, and we make sure to delight every client in every business deal. Knowing that we are serving to clients based in various industries, we maintain an extensive portfolio that covers products such as Torsion Spring, Defense Spring, Railway Spring, and much more. The team that works in our facility, is the reason behind our excellence. These individuals combine their efforts, and further make it sure, to achieve the targets without compromise in quality. We cherish this support of our employees, and benefit them based on everything that they accomplish for us.
- **Teamwork:**  
While the teams work in coordination with one another, it builds a strong relation within the facility. Owing to which, it helps in fostering an ideology and enhancing creativity. Teamwork builds trust, as one department coordinates with the other, and commits to do the work in a timely manner so that streamlined management of tasks can be maintained. It helps in encouraging the employees, as they learn about respective teams, and further appreciate the achievements of respective targets. Teamwork promotes healthy risk taking, because dependency of the teams increases on one another and they focus on welcoming more challenges.

# About the Company

- **Infrastructure:**

The premise in which we function is the basic element that keeps us driven towards success. A company is acclaimed in the markets if it serves praiseworthy quality products, without compromising with quantity of the offerings. By possessing a commendable infrastructure, we are able to earn wide acclamation in the market. It is because we utilize our capability at its fullest; of manufacturing best quality in quantity that customers require. Our infrastructure is maintained in a sophisticated manner, and is sprawled across a large land area. In this facility we have the most talented personnel who have only one objective in mind, to successfully complete every work we allocate to them.

# Quality Policy

- **SVR AUTO INDUSTRIES is An ISO / IATF 16949 - 2016** Certified Company and we are committed to quality and service and operate stick system in order to ensure that we maintain our high standard.
- **QUALITY POLICY : SVR AUTO INDUSTRIES** is committed to increase customer satisfaction by manufacturing quality products and supplying it as per their requirements. This we shall achieve , by effectively implementing our management system as per ISO / IATF 16949 - 2016, standards and by striving for continual improvement in all activities performed by us.
- **MATERIAL :** Material is selected to suit the application of recommended in drawing
- **HEAT TREATMENT :** Heat treatment in spring production is mainly used either to remove negative residual stress or to give the material its optimum strength properties. In the first case this treatment is called stress relieving , where the temperature & time depend on the type of material .
- **SVR AUTO INDUSTRIES** facilities are capable of manufacturing parts from almost any material - from stainless spring steel to titanium. Our staff is one of the most well-trained and experienced in our industry(Total manpower ), and customers rely on their expertise to ensure material capabilities match their design needs. We can review part specifications and order designs to confirm material life-span, performance and tolerances as per your requirements. Often our staff can recommend alternate materials to reduce costs, or better options that will improve part function. We work to be sure you receive the parts you need at the lowest prices possible.

## More Details About the Company

- A. Our company **SVR AUTO INDUSTRIES** has become one of the fastest progressing manufacturers of high quality precision made springs of wide range, meeting requirements of cross section of Industries such as
- **Automotive Industry**
  - **Two & Four Wheelers**
  - **Electrical Industry**
  - **Electronics Home Appliances Industry**
  - **Electronic Engineering Industry.**
  - **Indian Railway**

## More Details About the Company

**B. We Are** known as one of the leading manufacturer and exporter of :

- **Fuel tube clamp**
- **Tube Clip**
- **Compression Springs**
- **Agricultural Spring**
- **Side Stand Spring**
- **Wire Forming Springs**
- **Torsion Spring**
- **Helical Compression Spring**
- **Conical Spring**
- **Sheet Metal Strips**
- **Injection molding products**

## OUR PRODUCTS

**SVR AUTO INDUSTRIES** is known as one of the leading manufacturer and exporter of :

- ✓ **Helical Compression Spring**
- ✓ **Extension**
- ✓ **Torsion & Double Torsion Springs**
- ✓ **CLIP BREATHER TUBE**
- ✓ **TUBE CLIPS**
- ✓ **FUEL TUBE CLAMP**
- ✓ **WIRE FORM SPRING**
- ✓ **SPRING SHEET METAL STRIPS**
- ✓ **WIRE FORM S SPRING**

# Compression Spring/Conical Springs/ Double Conical Springs

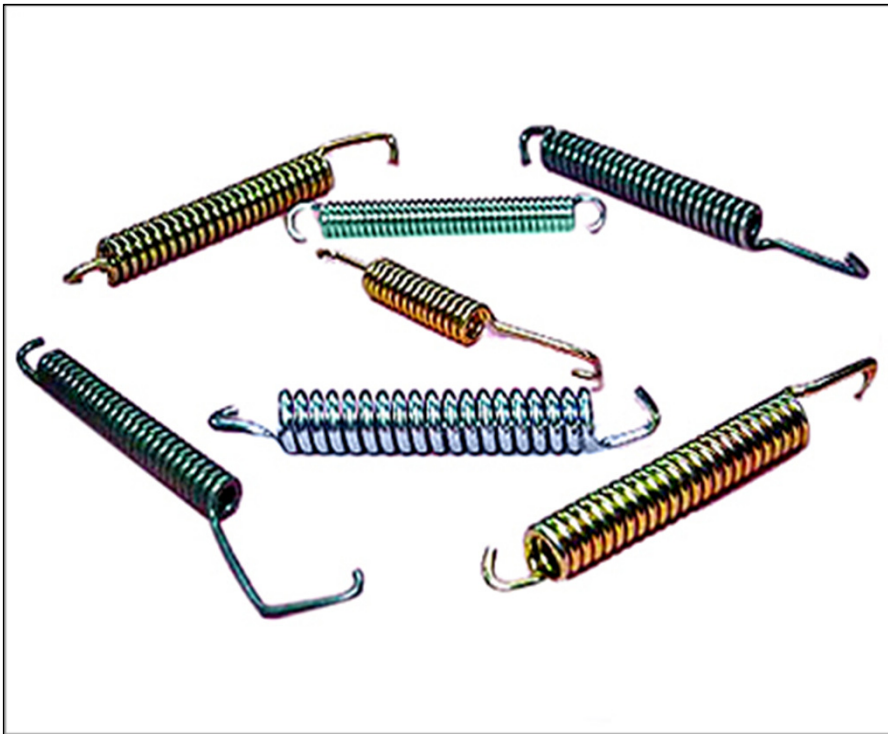

# Conical Springs/Double Conical Springs

- **These springs are Generally Compression springs whose end coils are in conical form.**
- **We provide premium quality of conical springs which are manufactured from High quality raw material to ensure durability and reliability. Our range is tailor made as per the client specifications and Application.**
- **Feel free to contact us.**

## HEAVY DUTY HOOK TENSION SPRING

- **Our range of tension springs are designed and manufactured to suit various applications.**
- **These springs come with various forms of attachment on both the ends.**
- **Our tension springs are available in Every sizes.**

## Torsion Springs

- Over the years of dedication, we have been a prestigious manufacturer of **Torsion Springs** for our clients.
- These are available in variegated sizes, designs, lengths and other specifications and are sturdily engineered using best in grade raw material along with the help of advanced machinery at our unit under the guidance and supervision of our experts.
- **Torsion Springs** are known for their durability, dimensional accuracy, easy installation and superior finishing. This makes these springs all the more demanded in the market.

## CLIP BREATHER TUBE

- We supply comprehensive range of **CLIP BREATHER TUBE** and many more.
- Our wide gamut of breather tube clips is available in various sizes and based on the Application.
- High quality raw material is used to manufacturing of these clips.
- All type of clips of different shapes & profile are being made on automatic CNC machines.

## TUBE CLIP

- We supply comprehensive range of CLIP TUBE and many more.
- Our wide gamut of clip tube is available in various sizes and based on the Application.
- High quality raw material is used to manufacturing of these clips.
- All type of clips of different shapes & profile are being made on automatic CNC machines.

## FUEL TUBE CLAMP

- We supply comprehensive range of **FUEL TUBE CLAMP** and many more.
- Our wide gamut of fuel tube clamp is available in various sizes and based on the Application.
- High quality raw material is used to manufacturing of these clips.
- All type of clips of different shapes & profile are being made on automatic CNC machines.

## SHEET METAL COMPONENTS

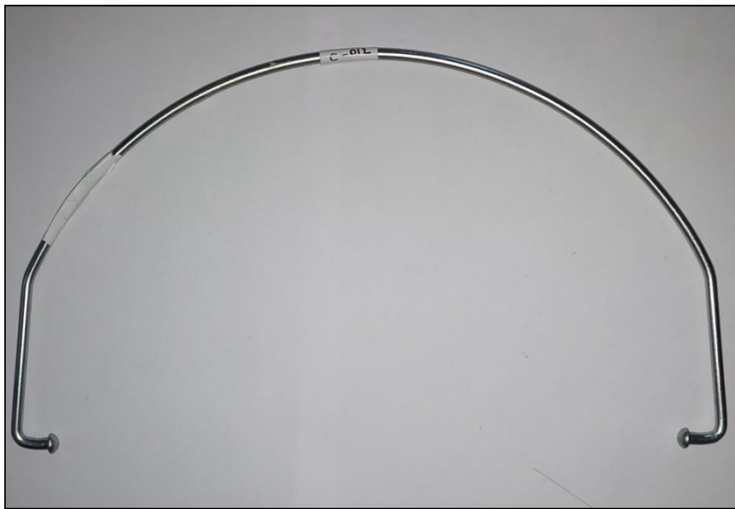

### SHEET METAL COMPONENTS

- We are a well established manufacturer of a qualitative array of **Sheet Metal Components** for our highly valued clients.
- These are made in a variety of sizes and lengths to meet the demands of our patrons. Finest of metal and other raw material is used in their making at our unit under the guidance and supervision of professionals.
- **Sheet Metal Components** are known for their optimum strength, durability, corrosion resistance, quality, easy installation and low maintenance. This makes these strips widely demanded.

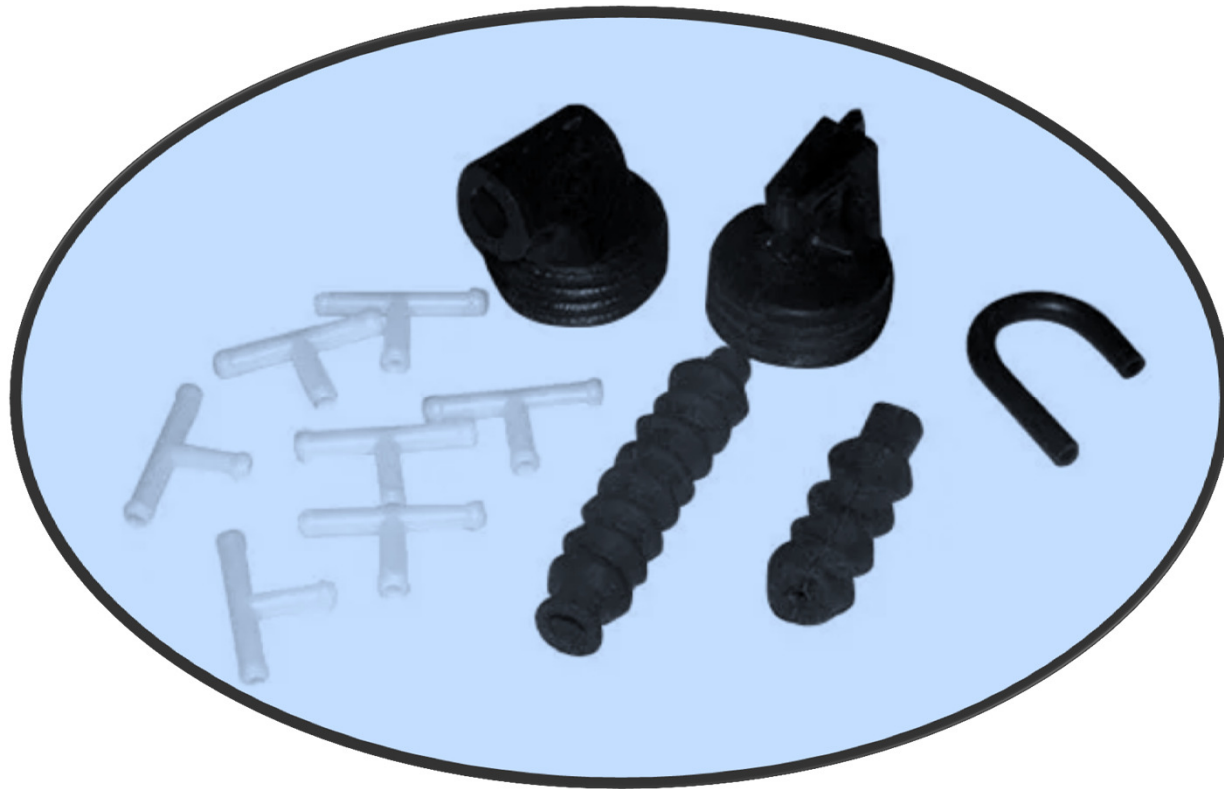

## WIRE FORMS SPRINGS

WIRE FORMS SPRINGS

## INJECTION MOULDING PARTS

## INJECTION MOULDING PARTS

- Over the years of dedication, we have been a prestigious supplier of **Injection Moulding** for our clients. It is used for creating several things such as packaging, wire spools, automotive parts and components, bottle caps, pocket combs, toys, and so on. We use only premium quality material and machinery for its making as per the industrial laid standards. **Injection Moulding** goes through variegated quality inspections to make sure that it stands free from any kind of quality compromise.

# CERTIFICATE ISO / IATF 16949 -2016

**Certificate of Registration**

This is to certify that the  
IATF 16949 - Quality management system for organizations in the automotive industry  
of  
**SVR AUTO INDUSTRIES**  
at  
PLOT NO. 52, NAWADA INDUSTRIAL AREA, UTTAM NAGAR,  
NEW DELHI-110059, INDIA

has been independently assessed and is compliant with the requirements of:  
**IATF 16949: 2016**

For the following scope of activities:  
**MANUFACTURE OF COIL SPRINGS, CLIPS WIREFORMS & SHEET METAL COMPONENTS**

**Certificate Number: UQ - 2021032236**

Validity of this certificate can be verified at [www.ukcertifications.org.uk/verify](http://www.ukcertifications.org.uk/verify)

Date of Certification	22nd March 2021
1 <sup>st</sup> Surveillance Audit Due	21st March 2022
2 <sup>nd</sup> Surveillance Audit Due	21st March 2023
Certificate Expiry	21st March 2024
